**HORSES:** The Fall Round-Up Sale is one of the largest sales that we have during the year. This sale will feature registered Quarter Horses and registered Paints sold first, followed by all breeds. Anyone can buy or sell. There will be over 200 head of horses with the majority of them being Paints and Quarter Horses. Any type of horse consignment is appreciated. We have a clean well-kept facility and a large mailing list of buyers. We do not charge a bid-in fee, insurance, or animal feed charge. The market is such that well-broke horses are bringing a tremendous price. If you have an ultimate broke horse, be sure to call as we have a listing of buyers looking for that type of horse and we will inform them prior to the sale.

If you want to consign your horse, call **715-754-4994** or **715-754-2211**.
